

# Family Intervention Project- Parental Feedback

## Data Headlines:

100% of Parents have used the skills they have learnt with the family project at home.

80% of families that took part would like to participate in the project for future cycles. Those families that did not want to participate in the future stated that this was due to work commitments.

100% of families that participated in the project stated that it had been effective at raising the levels of progress for their child.

## Parents comments:

*"Gaining a greater bond with my son"*

*"It has created a fantastic response and total change at home"*

*"It gave us invaluable insight into the way we can improve core skills"*

When talking to one parents about the project they said ***"before the project I had a struggled to have the same relationship with (pupil) as I do my younger son. We had a bad relationship really. But now I can actually play with my son and we now have a really good relationship. He has only just started looking for me."***

*"It has given lots of ideas with ways to interact and bits to buy."*

*"Useful to have hands on work, this made it easier to replicate at home".*

*"Brilliant"*

*"Fantastic"*

*"Brilliant management"*

*"It has helped to transition in shorter spaces of time"*
