

LLfL Life Skills curriculum progression map

Our Life Skills key concepts are:

- *Basic first aid*
- *Independent living*
- *Being safe*

These concepts have been chosen with the statutory Relationships Education, Relationships and Sex Education and Health Education (England) framework 2019 in mind and based on the needs of our pupils. The yearly program has been written in a cyclical format, to allow pupils to revisit learning. For example, pupils will learn about the emergency services in Term 1, and then hazardous substances in Term 2.
